

Peace Be Still

*Words and music by Susan Mack
Arranged by The Solo Committee*

Verse 1

The waters lapped gently upon the seashore.
As nighttime drew near, the crowd went away.
So many had come to be healed and learn more,
For Christ Jesus said, "Follow me, I am the Way."

Chorus

Peace, be still. Peace, be still.
Peace, peace, be still.

Verse 2

He must have been glad for a place he could rest.
In the back of the boat on a pillow, he slept.
On the way, as they crossed, there arose a tempest
And it raged 'till they feared that away they'd be swept.

Chorus

Verse 3

He slept on as though he felt utterly safe.
The disciples awoke him, afraid of their fate.
But still unconcerned, Jesus asked, "Where's your faith?"
He rebuked the storm and the calm, it was great.

Chorus

Verse 4

What manner of man is this one that commands,
So that even the winds and the waves obey him?
Oh, this is the man that's the one that God plans,
For God says, "In My likeness I eternally know them."

Chorus

Peace, be still. Peace, be still.
Be still and know that I am God.
Peace, be still
