

## Every Christmas Morn

*Words and music by Susan Mack  
Arranged by The Solo Committee*

### Verse 1

Shepherds keeping watch by night,  
In solitude you see the light,  
The light of one lone shining star,  
The one so brave that gleams afar.

### Chorus

Let it lead you all the way  
To see the babe this Christmas day;  
The babe of hope that's newly born  
On this and every Christmas morn.

### Verse 2

Across a night of darkness go  
But do not wander to and fro.  
Give you whole attention there,  
Undeterred by earthly care.

### Chorus

### Bridge

And when you find the precious child  
Fall on bended knee awhile.  
Worship, honor and implore  
This babe of healing you adore.

### Verse 3

This is the work of shepherds all,  
To watch and listen for the call  
That comes as light in darkest gloom  
And brings our deepest prayers to bloom.

### Chorus

Let it lead you all the way  
To see the babe this Christmas day;  
The babe of hope that's newly born  
On this, on this and every Christmas morn.  
Let it lead you every Christmas morn.
