

Tender Mercies

*Words and music by Susan Mack
Arranged by The Solo Committee*

Verse 1

I awake each morn to a brand new day,
Singing Hallelujah! as I go on my way,
For my heart is fixed on this one guarantee,
The Love that is All holds me tenderly.

Chorus

Tender mercies, oh, tender mercies,
Tender mercies are holding me.
Tender mercies, oh, tender mercies,
Tender mercies are holding me.

Verse 2

I can walk in Love through the valley of fear,
Singing Hallelujah! when hope is deferred,
The desert of my longings can't fulfill,
But Love fills all need and bids want be still.

Chorus

Bridge

So no matter the need and no matter the threat,
I'm secure in Your love, no fear, no regret.
Can there be a sweeter comfort, a grace more secure,
Than the thought that your Love is lovingly here?

Chorus
