

## **Fear Thou Not**

*Words by Susan Mack*

*Music is a traditional tune*

Oh fear thou not, for I am here!  
I'll give thee strength and endless cheer.  
Be not dismayed, I am thy God,  
My righteousness, a saving rod.

Our God is Principle, our God is Mind  
And man is held in Truth divine,  
Without a pain and without a tear,  
So free from guilt and free from fear.

Established in omnipotence,  
Known as the thought of omniscience,  
Surrounded by ever presence here,  
All grace and good forever near.

Come Spirit, Life, thou All-in-all.  
We cannot miss your steadfast call,  
To leave the dream and awake to know  
From your embrace we cannot go.

With grateful hearts and joy unbound,  
We lift our voice in endless round  
Of praise to Thee, our precious Love,  
That lifts our sense to Soul above.
